## **6<sup>th</sup> Grade Entrance Requirements**

Dear 5<sup>th</sup> Grade Parents/Guardians:

We would like to take this time to thank you for trusting us with the care of your child's health. As 5<sup>th</sup> grade comes to an end, it is time for us to inform you of the requirements for 6<sup>th</sup> grade entrance. This packet contains the required forms.

Please turn these forms in to your child's school as soon as you have them completed or by the start of the school year.

Fall sports begin at the start of the school year. If your child is interested, they will need a physical form on record before they can begin tryouts or practice.

If your child has a medical diagnosis that requires special medication or nurse visits while at school, in the fall please contact the school nurse so that we may discuss your child's care. Those students with known medical issues will be receiving a packet regarding their diagnosis, if you do not receive this packet please let us know. The completed packet should be returned either with the registration packet or directly to the school where your child will attend in the fall.

Please note that the District 56 nurses work closely together and pertinent information will be shared in order for us to better care for your child. If you have any questions regarding the health aspect of your registration packet, please feel free to contact one of us.

We look forward to a great 2024-2025, school year.
